**ParentVUE.olatheschools.com**

*Who is my child's teacher?*

*Does my student have an assignment due soon?*

*Need a copy of the latest grade card?*

ParentVUE is a secured website which offers parents real-time access to this information and much more. Assignments, grades, attendance, credits earned, school and teacher contact and calendar information, course schedules, and health immunization records are additional types of school and student information available online.

To gain access to ParentVUE, contact your child's school to obtain an activation letter with the needed information for initiating your account. Each custodial parent with educational rights for the child *may choose* to register separately and will subsequently have access for all students of that parent.

ParentVUE is also accessible as a free APP at the iTunes and Google Play stores for iOS and Android devices.
